**YALDRAM**

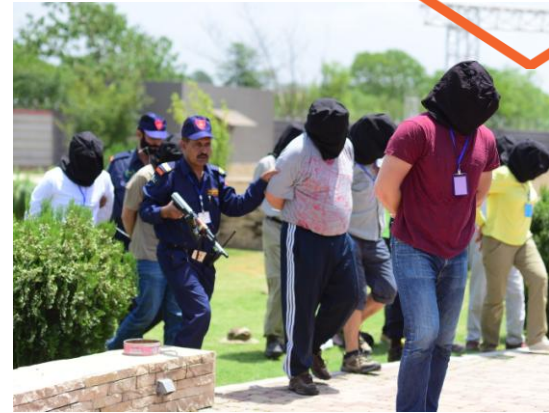

**Yaldram Security Services Pvt Ltd**

**9/10/2018**

**Edition 1, Volume 1**

Yaldram Security Services is in the business of physical security for the last 13 years providing static and mobile escorting/ guarding services, close protection to VIPs, bullet proof vehicles and all other related services as desired by our worthy clients. In addition to physical security YSS has

invested heavily and consistently on the soft security. In this regard the company has established its security and analysis wing (SAW) to conduct regular risk assessment of political and security situation evolving in and around Pakistan. A comprehensive

**YSS has been asked to conduct training for the European Union election observers for election 2018 being held in Pakistan**

data collection, collation and evaluation is carried out to prepare these reports, some of which is included and other is embedded in the analysis. These reports are regularly shared with our clients and other interested organizations on required basis. A sample of these reports can be seen on YSS

website. These reports include descriptive analysis as well as graphical representation of important data. These reports also present a forecast assessment of the developing situation to plan and execute different activities within different parts of Pakistan.

# Yaldram Training School

Hostile environment awareness training(HEAT)

**YSS has established its training school duly approved by Ministry of Interior Pakistan in 2013. This institute is equipped with state of the art learning facilities at the picturesque location of Margalla hills( 4 Km from Monal restaurant). Training school has its dedicated firing range to conduct firing practice for variety of weapons**

YSS has been organizing regular training for its own guards as well as for different clients. These training activities include indoor as well as outdoor physical training. Different training exercises are planned to depict realistic scenarios for effective training at the school. Recently YSS has been

asked to conduct training for the European Union election observers for election 2018 being held in Pakistan. This training was successfully completed to the complete satisfaction of our international clients as per international standards. The testimonials are pasted at our website. YSS employs highly qualified instructional

staff to impart training of the highest standard at its school. The curriculums are developed as per international standards and standards set by our worthy clients. Details of some of the courses can be seen on the web site

*Yaldram Security Services (YSS) is a leader in provision of high quality effective security agents (armed and unarmed), innovative surveillance, access control systems, and expert consulting/Training under seasoned professionals experienced in public and private sector security planning and operations.
